# Hardware Source Licence (HSL) Version 1.0

## Summary :

This Licence, "Hardware Source Licence" or "HSL" is adapted to apply to hardware, including physical components, designs, schematics, and related documentation. **This "HSL" allows free use for research, development, and private purposes, while commercial usage is subject to negotiation and payment.** The terms of this licence shall transition to the Open Source Hardware following the Effective Change Date as specified herein. By default the Change Licence to be applied will be the CERN Open Source Hardware Licence Strongly Reciprocal (OHL SR).

## HSL Licence Parameters :

- **Licensed Work ("Product"):** *"Casing ASMV"*

- **Date of Publication of Licensed Work:** *"The GitHub Date of the latest updated file of the current Branch You are in."*

- **Change Licence:** "*Open Hardware Licence Strongly Reciprocal latest version 2"*- available from CERN on: https://ohwr.org/cern_ohl_s_v2.pdf and alternate link https://cern-ohl.web.cern.ch/

- **Change Date:** *"Four years from the date the Licensed Work is published"*

- **Additional Use Grant:** None

- **Licensor:** "*M-RAL Association"*

- **Licensor Contacts:** "https://github.com/M-RAL & MermozRAL.Association@gmail.com"

# Hardware Source Licence Version 1.0 Terms

## 1. Definitions

- **Hardware**: Any physical device, component, machinery, or related documentation covered under this licence, also referred to as "Product".
- **Make:** means to create or configure something, whether by manufacture, assembly, compiling, loading or applying or using or derivating the Licensed Work to create a hardware (Product).
- **Notice:** means copyright, acknowledgement and trademark notices, Source Location references, modification notices and all notices that refer to this Licence and to the disclaimer of warranties that are included in the Licenced Work.
- **Effective Change Date**: The predetermined date or condition upon which this license will transition from this Hardware Source Licence to the Change Licence.
- **Commercial Use**: The use of the hardware for direct or indirect financial gain.

## 2. Grant of Rights by the Licensor

For research, development, and private purposes, users are granted a royalty-free right to use, modify, distribute, and make the hardware, subject to the terms of this licence.

For commercial use, manufacturing hardware based on the Licensed Work, the users, must purchase a commercial license from the Licensor, its affiliated entities, or authorized resellers, or you must refrain from using the Licensed Work.

## 3. Restrictions on Use

Prior to any commercial use, virtual hardware simulation or manufacturing, users, licensee must contact the licensors to negotiate terms.

The hardware may not be used for any unlawful purposes.

Modifications to the hardware must be documented and traceable.

## 4. Distribution

Distribution and making for research, development, and private purposes is permitted under this licence.

Commercial distribution and manufacturing requires a separate agreement, to be negotiated with the licensors.

All copies of the original and modified Licensed Work, and derivative works of the Licensed Work, are subject to this Licence.

This Licence applies separately for each version of the Licensed Work and the Change Date may vary for each version of the Licensed Work released by Licensor.

You may Make Products based on the Licensed Work provided it complies with this Licence.

## 5. Display

You must conspicuously display this License on each original or modified copy of the Licensed Work. If you receive the Licensed Work in original or modified form from a third party, the terms and conditions set forth in this License apply to your use of that work, and

Provide each recipient with a copy to the link of the Licensed Work and to this Licence specified in a Notice, with the Product which must visibly and securely display the Licensed Work and this License on it or its packaging or documentation in the manner specified in that Notice.

## 6. Change Licensing

Effective on the Change Date, or the fourth anniversary of the first publicly available distribution of a specific version of the Licensed Work under this Licence, whichever comes first, the Licensor hereby grants you rights under the terms of the Change License, and the rights granted in the paragraphs above terminate.

Users will then have to comply with the terms of the Change Licence post-transition, including its provisions on reciprocity and sharing modifications.

## 7. Limitation of Liability & Disclaimer of Warranty

This Licence does not grant you any right in any trademark or logo of Licensor or its affiliates (provided that you may use a trademark or logo of Licensor as expressly required by this License).

TO THE EXTENT PERMITTED BY APPLICABLE LAW, THE LICENSED WORK IS PROVIDED ON AN "AS IS" BASIS.

LICENSOR HEREBY DISCLAIMS ALL WARRANTIES AND CONDITIONS, EXPRESS OR IMPLIED, INCLUDING (WITHOUT LIMITATION) WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, AND TITLE.

The licensors are not liable for any claim, damages, or other liability arising from the use or distribution of the hardware.

The Licensor shall, to the maximum extent permitted by law, have no liability for direct, indirect, special, incidental, consequential, exemplary, punitive or other damages of any character including, without limitation, procurement of substitute goods or services, loss of use, data or profits, or

business interruption, however caused and on any theory of contract, warranty, tort (including negligence), product liability or otherwise, arising in any way in relation to the Covered Source, modified Covered Source and/or the Making or Conveyance of a Product, even if advised of the possibility of such damages, and You shall hold the Licensor(s) free and harmless from any liability, costs, damages, fees and expenses, including claims by third parties, in relation to such use.

If You institute litigation against any entity (including a crossclaim or counterclaim in a lawsuit) alleging that the Covered Source or a Product constitutes direct or contributory infringement, or You seek any declaration that a licence to You under this Licence is invalid or unenforceable then any rights granted to You under this Licence shall terminate as of the date such process is initiated.

## 8. General Provisions

Any use of the Licensed Work in violation of this License will automatically terminate your rights under this License for the current and all other versions of the Licensed Work.

If any provision of this license is held to be invalid or unenforceable, the remaining provisions remain in effect.

This License does not grant you any right in any trademark or logo of Licensor or its affiliates (provided that you may use a trademark or logo of Licensor as expressly required by this License).
